

**Notice of Postponement of the  
Annual General Meeting (AGM)**

**2020  
(covid-19)**

There are very few moments in time that anyone can recall that are comparable to the time we are all experiencing right now. Our Club like many others, has had to shut down our operations and cancel functions that we would normally be celebrating at seasons end.

Planning of future events has also taken a back seat for the time being, and one of the difficult things the Committee has addressed is the date of the next AGM. Due to Victorian Health Department covid-19 restrictions, it is now impossible to hold the AGM by the due date of May 2020.

We like many other Clubs and organisations have addressed this situation with Consumer Affairs, who have provided guidance to us which has led to the postponement of the AGM to a date closer to 31st December 2020. We hope by this time, that social distancing restrictions will have eased so that the AGM can be held.

In the meantime, your existing Committee is committed to continue to manage the Club on behalf of members. This is unprecedented in the Clubs history, and we hope that all members understand the action we have taken.

Rod Seeber  
Secretary WSLSC
